

Which Dizzy Pig Rub?

Raging River

MILD

Salmon, Pork, Seafood, Chicken, Vegetables

One of our best sellers, Raging River works its magic using a carefully blended variety of herbs and spices with a pure maple sugar sweetness.

Dizzy Dust

Dizzy Dust Coarse

MILD

Pork, Beef, Chicken, Seafood, Vegetables

Our most popular blend is amazingly well balanced and good on everything. Our Dizzy Dust Coarse Grind rub is the same recipe with a chunkier grind on several key spices to help the flavors hold up to longer cook for larger roasts.

Shakin' the Tree

MILD

Pork, Beef, Chicken, Seafood, Vegetables, Soups, Stews

Tired of the commercial lemon pepper blends available, we invented Shakin' the Tree. It's lemon pepper to the fourth power and it's good on just about anything you can cook on the stove or on a grill.

Tsunami Spin

MILD

Chicken, Seafood, Mushrooms

Inspired by flavors from the far East, Tsunami Spin provides a carnival of meticulously balanced flavors without overpowering your delicate meats. There is nothing out there like it.

Pineapple Head

MEDIUM

Pineapple, Fruit, Sweet Potatoes, Squash, Sweet Meat

Sweet with a little heat in the back, Pineapple Head is the perfect rub for grilling pineapple, but works well on most fruit and veggies or in a pie filling.

Raising the Steaks

MEDIUM

Beef, Roasts, Burgers, Steaks, Meatloaves

If you have enjoyed the popular "Montreal" style of a beef rub, you'll love Raising the Steaks even better. The freshest whole spices make the difference.

Red Eye Express

MEDIUM

Lamb, Wild game, Beef, Pork, Sausage

A rich mix that offers a parade of flavors and aromas. An exciting blend of spices, herbs and chilies is rounded out with the malty flavor of fresh ground coffee.

Cow Lick

MEDIUM

Beef, Roasts, Burgers, Steaks, Meatloaves, Tomatoes, Chili

This Texas style rub has "beef" written all over it. A peppery concoction that adds a new dimension to beef and never overpowers it.

Jamaican Firewalk

HOT

Chicken, Seafood, Pork

This fresh "jerk" inspired seasoning is hot and tangy and is not overpowered with Allspice. It's the new sweet heat treat!

Swamp Venom

HOT

Beef, Pork, Blackened fish or chicken

A deep south concoction for those that like a flavor and heat punch in the mouth.
